

ABOUT THE COMMUNITY

The Woodlands offers a beautiful montage of living at its best. Winding nature trails, parks, shops and places of worship are carefully arranged in the scenic forest atmosphere of The Woodlands. When residents are asked about their favorite thing in their community, the answer is inevitably “the trees.” It is that love of nature that holds the fabric of the community so tightly woven together.

The public schools in The Woodlands have been recognized repeatedly for educational excellence by the Texas Education Agency. Strong leadership from highly professional teachers and administrators, progressive curricula in modern classrooms and a wide array of extracurricular activities make The Woodlands' schools an environment for growth and nurturing.
