

ABOUT THE COMMUNITY

Designed to provide opportunities for an active lifestyle, Harvest Green features **amenities** that include 30 acres of lakes and waterways, 280 acres of greenbelts and open space, 50 acres of parkland, and a walkable trail system. Our Richmond master-planned community is **conveniently located** between Katy and Sugar Land, meaning Harvest Green is only minutes away from the wealth of shopping, entertainment, dining options, and local attractions as well as Houston’s Energy Corridor.

Just-picked produce will be readily available, neighborhood gatherings will give residents a chance to form friendships over casual wine dinners, and children will gain an appreciation for the environment as they watch crops grow. Harvest Green truly is a master planned community unlike any other in the greater Houston area.
